_____ I am unable to pick up my child, so _____ will be responsible to bring my child home.

*****Please see back for Cell Phone Policy*****

*******THE SOCIAL ENDS AT 9:00 PM*******

Dances are social gatherings for students to appropriately interact with their peers. As a school, we would like students to have access to their phones to take pictures to remember these special moments. We also want parents to have access to their children during the dance. We have developed some guidelines for appropriate cell phone usage during the dance.

- **Cell phones should be used sparingly. The intent of the dance is to give students the opportunity to socialize. Refrain from being on your cell phone for an extended period of time.**
- **Students should not take video or pictures of any student without their permission.**
- **Cell phone use is not permitted in bathrooms.**
- **Students are solely responsible for their cell phones. The district assumes no responsibility for damage, theft, or lost cell phones.**

Please review these guidelines with your children.
