

Welcome to Phoenix House!

Don't just come back...**Arrive**
2018-2019

Hello, parents and students! We hope you've enjoyed your summer. The new school year is just around the corner and Phoenix 7 wants you to be ready. The 2018-2019 school year promises to be educational, rewarding, and fun.

We ask that each student comes prepared with a planner on the first day of school. Our house encourages daily use of a planner. It should be used to record assignments, share information, and take note of certain dates. Students should also become familiar with **Google Classroom** since many Harrington teachers will be posting resources, assignments, and collaborative tools online.

We consider parents an integral part of the learning community, and we encourage your involvement in your child's school activities. Some simple ways to do this are by joining the PTO, monitoring homework completion, encouraging 20 minutes of daily reading, checking on grades and upcoming assignments online, and working with us to set clear expectations for your child. We also encourage you to take advantage of the many opportunities to come into school throughout the year (ie: Back to School Night, Parent/Teacher conferences, etc.)

You will find a list of materials you will need for the upcoming school year printed on the back of this letter. We look forward to seeing you in September!

Your 7th Grade Phoenix Teachers,

Mr. Wagner

Ms. Estel

Mrs. Wireback

Mrs. Lubin Randall
